Subject: SNWW 1st ICT Meeting - Wednesday the 17th

"All,

The results from the second round of the Doodle Poll indicated that **Wednesday the 17th from 11AM to 12PM** (1 hour) are the best time. All agencies will be able to attend during this time slot.

I will be sending out a teleconference link in a follow up email. For now, please let us know if there are any teleconference applications (such as – Zoom, Google Meet, Webex, JoinMe) that you are **UNABLE** to use. If there are any that are unusable, we will identify an application that works for everyone, and then send the teleconference link/info.

Below is the website link which the 2011 Final Feasibility Report and Final Environmental Impact Statement and relevant appendices for your review :

<http://sndd.stagehawkeye.com/publications/snww-cip-documents/>

I have also attached a document we prepared that consolidated BU related content from the Feasibility Report and Final EIS. Consider it a "Cliff Notes" of the larger documents.

Thank you for your continued correspondence and cooperation, I look forward to our meeting.
